## CWA Authorizes Telephone Strike in 3 States

WASHINGTON (AP) — The CIO Communications Workers Union today authorized its 50,000 members in Texas, Oklahoma, Arkansas, Kansas, Missouri and part of Southern Illinois to strike against the Southwestern Bell Telephone Co.

Union President Joseph A. Biernie said the actual strike date will be fixed by the union's district director, D. L. McCowan, in St. Louis.

In a statement, Biernie called the company's recent offer of a 3 1/2 cents an hour pay increase "close to insult" and said it "will not be accepted."

No company officials were available here for comment.

A bargaining contract between the company and CWA expired more than a month ago. Negotiations for a new contract started June 3.

Biernie stated that "no agreement is in sight."

He said phone workers in the Southwestern area have voted for a strike by a 10 to 1 margin.

## Ike Calls for Reduction in Spending

By MARVIN L. ARROWSMITH

DENVER (AP) — President Eisenhower, trying to avoid calling a special session of Congress, today called for a reduction of federal spending "with renewed vigor."

In a letter to the heads of the federal departments and agencies, the President said:

"Ever since the date of inauguration, every member of this administration has been dedicated to the purposes of efficiency and economy in government."

"Now that Congress is adjourned, it is time to attack the problem with renewed vigor."

White House Press Secretary James C. Hagerty made the letter public at the President's vacation headquarters here as Eisenhower was getting a briefing on the situation from Adm. Arthur Radford, the income tax man of the Joint Chiefs of Staff.

Hagerty told newsmen that Eisenhower, in calling for a new drive to reduce federal spending was trying to avoid a special session of Congress.

The press secretary noted that the Senate had refused to go along with the President's request for an increase in the \$275 billion ceiling on the national debt. The administration wanted it increased to \$300 billion dollars.

## Blast Probed Near Texarkana Arsenal

TEXARKANA, Tex., (AP) — An explosion near the Red River Arsenal Sunday night was being investigated by Bowie County Sheriff Bill Watlington yesterday.

The blast ripped a 4-foot wide crater.

The sheriff said no witnesses to the blast could be found but that residents within a mile radius heard and saw the flash and explosion.

## Pulaski Man Held on Rape Charge

LITTLE ROCK, (AP) — Prosecuting Atty. Tom Downie said today a 19-year-old Little Rock man is being held in county jail in connection with the rape of a married woman near here last night.

No charges have been filed.

Downie quoted the woman as saying she was raped in her car by a youth, who had concealed himself in the back seat.

Downie said the woman told him she was driving home alone after dining in a highway cafe when her attacker forced her to stop the car.

## Republicans Taking Credit for Korean Truce, Riots Behind Curtain, Brighter Peace Hopes

### Liberals Again Win in Canada

By BEN BASSETT

TORONTO, (AP) — Canadians still swear by Prime Minister Louis St. Laurent and will have none—or very little—of his detractors. They made that clear in the national elections with a big tide of votes rolling the Liberal party to an unprecedented fifth term.

The vote yesterday returned the Liberals to power with a House of Commons majority just shot of the record margin they ran up in the landslide St. Laurent engineered in 1949.

There were 265 Commons seats at stake. The Liberals needed 133 to maintain a majority able to back a government. They won 171.

## Two School Board Members Resign Here

Hope District I-A School Board accepted the resignations of two members and named replacements in a meeting here last night.

The resignations of Syd McMath and Mae Duffie, both members of the board for many years, were accepted. Both men indicated in their resignations they felt as they no longer have children in school, others should serve on the board.

There was absolutely no fiction whatever, one school official assured.

Syvelle Burke was named to fill Mr. McMath's term and Mrs. C. C. McNeill will finish out Mr. Duffie's term.

## Diplomats Gather for Conference

By MAX HARRELSON

UNITED NATIONS, N. Y. (AP) — Top U. N. diplomats began arriving here today for a week of behind-the-scenes talks on the impending Korean political conference.

Before the 60-nation General Assembly convenes next Monday, the delegates hope to agree on the countries that will take part in the conference and its time and place.

The conference must begin by Oct. 27, under the terms of the Korean armistice.

Some preliminary talks have been in progress since the truce signing, but the signal for full-scale consultations was the return of Chief U. S. Delegate Henry Cabot Lodge, Jr., from Korea.

Lodge conferred with President Eisenhower at the summer White House in Denvers yesterday, then rushed back to New York to begin discussions immediately.

Arriving in New York today were Soviet Delegate Andrei Y. Vishinsky, returning from Moscow; British Minister of State Selwyn Lloyd; and Maurice Schumann, French secretary of state for foreign affairs.

The United States so far has not disclosed its views on the conference even to its closest allies.

Though this has made it impossible for the allies to shape up any firm proposals, they felt it was worthwhile to learn in preliminary talks as much as possible about the views of others.

## Figures Now Is Time for the Male to Take Over, Be King of Fashion as He Once Was

By HAL BOYLE

NEW YORK (AP) — Men need a Christian Dior, a bold fellow to restore the male feeling of being quite a guy.

Us guys are in a male quandary. We either have to expose more of our charms or retreat to the soft anonymity of the sleeping bag.

As I read the front line reports from the great style war in Paris, women don't know whether to throw away their corsets or keep them, elevate their skirts to their knees or go ahead and protect their thick upper ankles, expose those bosoms more or try to throw another layer on those they have rented or bought.

It seems to me that in this moment of feminine doubt men should move in and take over their old peacock strut. Let man again be king of fashions, as he once was.

WASHINGTON, (UP) — Republicans gave themselves credit today for touching off an "amazing chain of events" that brought a truce in Korea, riots behind the Iron Curtain, and brighter prospects for world peace.

They also claimed President Eisenhower and the GOP-controlled 83rd Congress made a "substantial start" in halting inflation, stemming falling farm prices, and seizing the "initiative" from Russia.

The Republican answer to Democratic criticism was presented in a slick television film and script package made available by the GOP national committee to TV stations for "public service" programming.

The transcribed show was aired last night over the ABC network and has been scheduled for the Dumont network tonight.

Start of the show is House Speaker Joseph W. Martin, Jr., who does most of the narrating. But President Eisenhower and some of his cabinet officers appear in film flashbacks of key speeches and events.

The claims, more sweeping than those Mr. Eisenhower made in his report to the nation last week, ranged over most of the problems with which the new administration has dealt, but a heavy accent was on foreign policy.

Mr. Eisenhower, Marti said, put "backbone" in American foreign policy by cancelling the order by which the U. S. Seventh Fleet barred Nationalist China from attacking the Communist mainland.

"This action, which was followed by a series of moves giving further Continued on Page Two

## Voting Light in Runoff Election

Voting was considered light here this morning as residents of this city went to the polls today to select a couple of aldermen and a municipal judge.

Perhaps the most hotly contested race is that of municipal judge in which incumbent W. K. Lemley is opposed by local attorney John P. Vesey.

In Alderman Ward one race incumbent Charles Tappley has opposition in Fred Robertson, local merchant.

Howard Byers, Alderman of Ward II, has as his opponent, Fred Johnson.

Results of the election will be broadcast over KXAR as soon as returns can be tabulated after the polls close at 6:30 p.m.

## Another Arkansas Prisoner Released

PORTLAND, (AP) — The 15th Arkansas prisoner of war to be released at Panmunjom was Cpl. Carlton G. Morinan of Portland who enlisted when he was 16 years old.

Morinan, captured in February, 1951, enlisted in the Army in May, 1945, and is now 20 years old. He was among 100 Americans turned over to the United Nations in the prisoner exchange last night.

His mother, Mrs. Donnie Morinan said last night that he was her only child and that his release "means my life."

Mrs. Morinan, questioned about her son's age, said, "Yes, he's just a baby."

## TOO HOT FOR ESKIMO

PHOENIX, Ariz., (AP) — Ella Hopewell, 19, slapped down the \$500 bid almost before the judge had said it.

It was 105 degrees in the county jail, where she would have gone on a morals charge.

And Miss Hopewell is an Eskimo.

I do not advocate long stockings, tight pants, and lace at the throat, although George Washington and Thomas Jefferson were robust and masculine in such attire. As a matter of recent history, some people feel that a gent doesn't rent his sex fully unless he has worn khaki. That's unfair, because a lot couldn't.

It might just as well be the other way around. Why shouldn't a woman feel uneasy if she has never worn the uniform of her country?

That is the pattern of some nations. Certainly no woman who believes in equal rights can deny today how much happier her life will be if she has only won the approval of a lady top sergeant for the way she can strip down a machine gun or make a bed.

That used to be the thing in the Continued on Page Two

## Wrecked Auto Burns, 5 Die Near Texarkana

Bowie county sheriff's officers today were trying to identify five persons who died in the flaming wreckage of a car which collided head-on with a semi-trailer truck 12 miles west of here late last night.

The car, a 1953 Chevrolet, was believed from Victoria, Tex.

The car and truck smashed together on a long sweeping curve. The gas tanks exploded, enveloping the twisted wreckage in flames, which charred the bodies beyond recognition.

State Highway Patrolman L. C. (Doc) Evans said the car was carried about 40 feet by the impact and part of the car body ended up on top of the truck cab.

Truck Driver Billy Burton, 23, of Denton, was not seriously injured. He jumped from the cab of the truck and suffered only scalp lacerations and minor burns on the face and hands.

Burton said he saw a cardboard dealer's tag on the car before the vehicle was almost consumed by the flames. The number, 88K53, checked to a Hudson dealer in Victoria, but the dealer said he did not know how it could have gotten on the death car, and didn't know whom the victims might be.

Sheriff's officers said the bodies were so badly burned that they believed all five were adults.

Two of the bodies were found on the ground, near the tangled wreckage, he others were trapped in the car.

Officers said charred bits of luggage were found in the burned-out vehicle, indicating the group may have been traveling.

A fire truck was set out from Texarkana to help extinguish the flames. The truck was loaded with canned goods, and was traveling east when it collided with the west-bound automobile.

## Raps Benson for Holding Back Loans

LITTLE ROCK, (AP) — A national Farmers Union official said today that Secretary of Agriculture Benson had "doubted" the will of Congress in not making drought disaster loans available to Arkansas farmers.

John A. Baker, union legislative director, said:

"We had to build a Congressional fire under Secretary Benson to get him to put the special livestock loan into effect. But he still has not moved to activate the emergency loan program adopted by Congress nearly one month ago."

Baker made these statements before he was to address some 300 delegates to the 2-day Farmers convention here.

At the opening session this morning, President J. Albert Hopkins of the state organization called on the 24,000 Arkansas members to press hard for 100 per cent parity on all farm products.

He also urged a liberal loan program on ownership of small farms, increased aid for vocational agriculture and improved water and soil conservation practices.

University of Arkansas President John Tyler Caldwell and national Farmers Union President James C. Patton of Denver, Colo., were scheduled to address the convention later today. Other scheduled convention speakers are Rep. Wilbur Mills of Kensett and Eugene T. Fortune of Topeka, president of the Kansas Farmers Union.

## Discounts Feed Charge in Texas

ALBUQUERQUE, (AP) — Sen. Clinton P. Anderson (D-NM) has discounted reports that Texas stockmen are reselling government drought emergency feed at a profit.

"Isolated instances of abuse of federal aid to stockmen may occur," Anderson said. "But the county committees are checking each applicant carefully, and very few of such incidents will occur."

Anderson said he believed the drought program is "well and carefully administered."

## Wheat Quota to Be Voted on August 14

The wheat marketing quota referendum to be held August 14 will be conducted at the PMA office in Hempstead County, advised Chairman H. B. Gilbert of the County Production and Marketing Administration Committee today.

The polling place will be open from 9 a.m. to 5 p.m. and will be in charge of the County PMA Committee.

Chairman Gilbert urges every eligible wheat grower to vote, since the outcome of the referendum will materially affect the price farmers receive for their 1954 wheat. He points out that if two thirds or more of those voting favor marketing quotas, wheat loans at 90 per cent of parity will be available to those who plant within their wheat acreage allotments.

If marketing quotas are rejected by the growers, quotas will not be in effect and the support rate on 1954 wheat will drop to 50 per cent of parity for cooperators.

Acreage allotments will be in effect for the 1954 wheat crop regardless of the outcome of the referendum, he explains. If marketing quotas are in effect, those who exceed their allotments must store or dispose of their excess wheat, as directed by the Secretary or pay the marketing penalty on the excess wheat.

The marketing penalty is 45 per cent of wheat parity as of May 1, 1954. The officially designated polling place for the August 14 wheat referendum in Hempstead County is the Hempstead County PMA office, in the Court House.

## 43 Carriers May Lose License

LITTLE ROCK, (AP) — The Arkansas Public Service Commission said yesterday that 43 commercial carriers may lose their Arkansas licenses because they haven't complied with a 1949 law.

W. M. Buttram, director of the PSC's Transportation Division, said orders will go out Wednesday revoking the rights of the 43 companies to operate in Arkansas.

Buttram said the firms did not file annual reports on last year's operations as required by the 1949 law. He added that this is the first year the PSC had made a serious attempt to enforce the law.

Included in the revocation order list are: Weeks Truck Line of Harrisburg; W. R. Bell of El Dorado; Carl Brady of Conway; Tommy Jones Truck Line of Pine Bluff; Lawson Freight Line of Memphis; Johnnie May of Harrisburg; Jimmie Neal Truck Line of Altheimer; Shepherd Bus Line of Arkadelphia.

## Tip Fails to Reveal Trio

LITTLE ROCK, (AP) State Police Capt. Frank McGilghy today said three tips led "nowhere" last night in the hunt for a trio of convicts who escaped from Tucker Prison Farm.

Police using bloodhounds investigated reports of an attempted car theft in England, a burglary of a general store in Sherill and a report of two suspicious men seen near Pine Bluff.

McGilghy said bloodhounds look up trails in England and Sherill but they stopped dead on highways in both cases.

The search for the three convicts, who fled from a prison farm work detail Friday, is centered around a woodland area near Sherill.

Hunted are Paul Cecil, 20, of Riverdale, Va., and Thomas Jackson, 19, and William Greenway, 22, both of St. Louis.

Yesterday the body of one of the escapees, Billy Allison, 24, of Monette, Ark., was found in the Arkansas River, eight miles north of Pine Bluff.

Escapee John Logan, 19, of Oklaheima City, was captured Saturday night near Sherill. All of the escapees were serving terms for robbery or grand larceny.

## All Around the Town

By The Star Staff

Hope seems to have come in for a nice slice of publicity in today's Gazette, and what makes it more unusual is its good publicity. . . . Both items concerned pictures. One of the 99" Alligator which Woody Parsons and Joe Bobo caught at Little River a few days ago that was donated to the L. H. Zoo. . . . The other was a picture of the Little Rock Soap Box Derby winner in Ohio eating that good old Arkansas watermelon. . . . yep, sent to him by the Hope Chamber of Commerce.

Well Kids, it's nearly here. . . . you're right, school will start on September 7, according to an announcement by Superintendent James H. Jones who also wishes to remind football fans to drop by the school office, pay for and pick up their reserve and box seat tickets.

And speaking of school brings to mind football. . . . here is what a recent issue of Sports Review has to say about the new Arkansas Coach Wyatt: "It may be encouraging for readers of Sports Review to know that those editors think that Wyatt someday will be head coach of an All-Star squad. How can he miss? He can't miss at Arkansas, either. . . . Wyatt's a winner and Arkansas has him. Look out, you Southwestern conference foes. Now you've got the worries, and Wyatt's Skyline focus can breathe easier. . . . All of which sounds very good for the win-hungry Arkansas fans."

Appearing in a style show tonight at Texarkana will be two Hope girls, Nancy Hays, student at Randolph Macon College of Lynchburg, Va., and Jacquie Williams, freshman at Baylor University of Waco, Texas.

Thursday night, August 13, the Rainbow Assembly will observe Grand Officers' night with a dinner at 6:30 at Hotel Barlow and afterwards they will go to Masonic Hall. . . . Members of the Eastern Star, Masons and their wives will attend.

## Repatriates Hate Squealers, Vow Vengeance

By FORREST EDWARDS

PANMUNJOM (AP) A bitter band of die-hard Americans came back from their Red prison camps today — vowing vengeance on weak comrades who turned to communism under pressure.

They snapt out "progressive" as a dirty word, and wore with honor the badge of "reactionary" fastened on them by Red Chinese who clubbed and tortured them but did not break their spirits.

One tough American had to be held back by force when he spotted a "progressive" at the Freedom Village reception center.

"I'll get that. . . when I get home," he said.

One hundred Americans came back from the North, along with 24 British, 25 Turks and 230 South Koreans in the seventh day of the Korean War prisoner exchange.

Memphis, 328 Americans repatriated earlier sailed from Inchon aboard the troopship Gen. Nelson M. Walker for the voyage of 14 to 15 days to San Francisco's Golden Gate.

All were classed as healthy. The ship originally was to sail several hours later, but its orders apparently were changed.

A plane bearing 17 seriously ill Americans, all litter patients, landed at Honolulu for a night of rest before continuing homeward. It is expected to arrive at Travis Air Force Base near San Francisco about 6 p. m. Wednesday.

The first week of exchange, has brought 648 Americans of the 3,313 the Reds say they hold. A total of 2,372 Allied captives have been returned. The Reds listed 12,703.

The U. N. Command has returned 19,406 of its 74,000 Red prisoners.

Another 100 Americans, 250 NOKs, 25 British and 25 Turks are scheduled to return Wednesday.

The latest group of Americans released won't have "reactionary" honors the hard way.

There were bitter men among the first groups last week, but few matched the anger of the last groups.

## FREEDOM VILLAGE, (AP) — Liberated American soldiers Tuesday told shocking stories of "squalor" by fellow prisoners, some of whom chose to stay behind rather than return to the United States.

Others described tortures suffered because they defied their Communist captors—tortures that included hanging by the arms, beatings, imprisonment in crude dungeons, starvation rations and "ice baths."

Their stories—told to newsmen at this processing center for returned Americans—added to the mounting evidence of the horrors and intrigue that flamed in North Korean prison camps.

army that separated the men from the boys. Why in the days to come shouldn't it be the test that separates the girls from the women?

The problem for men is to win equal rights in the world of fashions. For example, why shouldn't women worry about how far we have out there? Wouldn't they fret about this problem if they were courageous enough to make it a problem?

Same thing at the other end of the long pants. A man or woman, has his pants just long enough so that he trips on them if his rubber heels wear down.

If you are a guy with cuffs above his ankles, you automatically are sure that either he went to Princeton or he got caught out in the rain with a change of clothes.

Maybe it's time for us to develop our girls. Show that thin gray hair on the head but vibrant chest, expose the male tilted calf. Naturally, since the girls never have their hair windows we don't have to develop ours.

The main idea is to stir the girls up by showing them that men have their fashions too. Let's show 'em that while knighthood is always in flower — it can change its flower. They've taken men for granted too long.

Think how you could confuse your wife by wearing the cuffs of the hat she confused you with.

"These events made the headlines," said Martin, "and Americans could take cheer in the fact that sound moves made by a sure hand were something that the Communists understood and, above all, feared."

The Republicans, the speaker said, inherited from the Truman administration "a legacy compounded out of the ravages of war, the constant threat of war, an unbroken policy of huge spending by the federal government."

Other things cited in the GOP's TV package as accomplishments of the first six months under the new Republican administration.

1. A "night and day" effort to balance the budget for June, 1953, "so that the American people can have the tax reduction which was promised them and which they so justly deserve."

2. "Dramatic moves" to rescue farmers from falling prices and relieve the distress suffered by drought stricken cattlemen.

3. Shipments of food for hungry East Germans to help the unmet sweeping the Soviet empire.

4. Steps to develop a "better balance" among federal and state governments and the executive, legislative and judicial branches.

## Experts See Malenkov in Full Power

By JOHN A. SCALI

WASHINGTON (AP) — Premier Georgi Malenkov has successfully weathered a grim power struggle inside the Kremlin and now stands virtually unchallenged as Russia's ruler.

This, at least, is the carefully considered view of top American foreign affairs experts who have been watching developments within the Soviet Union since Premier Stalin's death.

Active support by powerful Red army leaders, they said, probably was a deciding factor in maintaining Malenkov's power despite widespread uncertainty after the sudden purge of Deputy Premier Lavrenty Beria.

It would be no surprise to these American experts if in the coming weeks Malenkov's most prominently mentioned rival, Foreign Minister V. M. Molotov, and his defense minister, Marshal Nikolai Bulganin, publicly avow their loyalty to Malenkov.

A showing of ranks within the Soviet high command, in their view, does not rule out potential unrest within Russia and the satellite world later. But it does plainly indicate to them that the sleepy-eyed Malenkov now is definitely top man.

The conclusion stems partly from the tone and content of Malenkov's speech last Saturday to the Soviet parliament. He scolded and criticized Communist party chiefs generally and talked like a man completely confident of his

The Sharon Victory docked here with the bodies of 100 Americans killed in the Far East war zone. The Arkansans aboard were:

STARKY (UP) — Work was resumed today on a \$3,000,000 pipeline project of the Texas-Illinois Pipeline Company following settlement of a two-week old strike.

The strike ended yesterday with some 200 workers accepting a proposal giving them \$2.62 a day additional pay for transportation and from the pipeline project. The men originally asked for \$3.

The \$2.62 represents the round-trip fare between Little Rock and Stacey. Many of the workers on the project live in Little Rock.

All work at the big pump station and on 18 houses being built for company personnel stopped two weeks ago when the announced strike began.

LITTLE ROCK (UP) — Henry Spitzberg, a prominent local lawyer, has been named chairman of the Arkansas State Employment Security advisory council.

Communists Jail Farmers in E. Germany

BERLIN (AP) — East Germany's Communist government was reported jailing farmers today for "sabotaging" the Soviet zone harvest.

Thousands of the hungry victims of the Red's agricultural breakdown, meanwhile, continued to pour into West Berlin for free American food parcels.

The resourceful food seekers eluded Red travel controls by mingling with the thousands of East Berlin workers who commute daily across the Soviet frontier.

West Berlin officials expected today's food handout to approximate yesterday's 100,047.

In the two-week-old campaign, the West up to last night had given 2,111,011 parcels to most zone citizens. The present distribution system will end next Saturday but a new plan is to begin Aug. 27.

The U. S. State Department's newspaper Neue Zeitung reported the arrests of East zone farmers. The paper said the Red regime, enraged by delays in bringing the storm-plagued grain crop to market, began sending police out into the fields last weekend.

The report said farmers and farm laborers have since been taken into custody on charges of "criminal sloth" in reaping, threshing, harvesting and transporting the grain. The largest number of arrests were reported in Mecklenburg, where the harvest lagged behind the other four Russian-occupied provinces.

City dwellers also were reported victims of police action because they failed to volunteer for unpaid weekend farm services or had "spread tendentious rumors about harvest conditions."

The new Communist drive against farmers repudiated the Red's promise in June to treat farmers of small and medium-sized farms better and refrain from enforcing arbitrary decrees with police brutality.

Communists Push to Oust Pahlevi

TEHRAN, Iran (AP) — Iran's Communists were expected today to push harder than ever for the ouster of Shah Mohammed Reza Pahlevi as the payoff for their strong support in plebiscite votes approving government plans to dissolve Parliament.

The nation's provincial areas gave Premier Mohammed Mossadegh a whopping 1,441,156 to 684 vote yesterday approving his demand for the ending of the Majlis (lower house of Parliament). Last week, Tehran and its suburbs, decried the proposal 168,001 to 118 strength. Estimates credited them with at least 70,000 of the Premier's votes in Tehran.

The United States and Britain, it was learned, have added information which supports this view.

No authoritative American official would say whether they took at face value Malenkov's broad hint Saturday that Russia has mastered production of the hydrogen bomb.

Malenkov Ends Settlement for Germany

By JAMES MARLOW

WASHINGTON (AP) — Premier Malenkov today said that the Soviet Union had agreed to a settlement for Germany.

He pushed the settlement through the Soviet parliament today.

This was an added step in the settlement, he said, that the Soviet Union had agreed to a settlement for Germany.

His statement, he said, was a kind of "final" step in the settlement for Germany.

Eschenbarger, a member of the American Society of Newspaper Editors, challenged Malenkov's statement, saying it might have been a "final" step in the settlement for Germany.

British Prime Minister Churchill quickly applauded the speech, saying it was a "final" step in the settlement for Germany.

He proposed a conference on the highest level among the big powers, meaning himself, Malenkov and Churchill, to discuss the settlement for Germany.

Head of the French government, Charles de Gaulle, also agreed to the settlement for Germany.

Secretary of State Dulles and the foreign minister of France, Robert Schuman, met here in July at the end of their vacation they visited Russia's Foreign Minister Molotov to meet with them some where later.

In its invitation to the Russian to this country, Malenkov said, "I wanted to discuss Unification of Germany and free elections" in which the united German people could choose a government for the whole country.

There could be no real peace until there was a world-wide disarmament, this speech said, but before that could happen there should be a settlement for Germany.

On Aug. 1 the United States received a Russian note which seemed to say they'd be willing to talk about Germany, but suggested the big thing to discuss was "measures to reduce international tensions."

Reducing international tensions might mean so many things that the State Department experts, in this kind of talk still had their microscopes on the Russian note when Malenkov made his speech last Saturday.

Malenkov spelled out what it meant: This country's disarmament program and military alliances.

He cited the North Atlantic Alliance by name. He said he wants the West to abandon the idea of having Germany in the West European Defense Community, an arrangement still to be put into effect under which Germany could have troops in a united West European army.

And Malenkov made it pretty clear he wants a disarmed Germany, presumably at it is ever united.

A disarmed Germany would be like a race track across which the Russians could rush and attack the West. But a disarmed Germany, if it allied with the West, would be a strong obstacle to any Russian aggression.

At the same time, a disarmed Germany, if it started on military adventures of its own, could be as much of a threat to the West as to Russia, Malenkov emphasized that, particularly because it's a possibility which has bothered the French.

So he played on French fears and urged the French to shake the United States and struggle close to Russia.

Mrs. O'Dwyer Gets Divorce

MEXICO CITY, P. (UP) — Court records at Cuernavaca today showed that Sloan Simpson O'Dwyer had won an uncontested civil divorce from the former mayor of New York two months ago. Mrs. May O'Dwyer was not present.

The O'Dwyers announced last January that the Roman Catholic Church had granted them permission for a temporary separation. Later Mrs. Sloan O'Dwyer, archbishop of Mexico, said an annulment was being sought, which would set both free to seek new mates.

But the Newspaper Excelsior first reported today in a copyrighted dispatch from Cuernavaca, resort town 40 miles south of the Mexican capital, that the impetuous Sloan had obtained a civil divorce. The newspaper said the 36-year-old former model filed suit there Feb. 18 charging O'Dwyer with "irreconcilable" and was granted a divorce from the 62-year-old O'Dwyer on June 3.

## DOROTHY DIX

## Model Stepmother

Dear Miss Dix: Nine years ago at the age of 23, I married a widower with two boys, 15 and eight. We had a daughter, who is now six. I have loved my stepchildren, cared for them as best I could and we have all been very happy together. The oldest boy, who is now in service, is married and a father. They had been living with the girl's mother, but after the baby was born, were told to find another living place. My stepson will soon go to Korea, and he has asked if his wife and baby could come to us. She is a sweet girl, we all love her and the baby. I want to make her stay with us pleasant, and wish to avoid the hard feelings that do sometimes exist between in-laws. Would you give some advice to a stepmother-in-law?

**True Affection**  
Answer: Your letter, though short, was so filled with the warmth of family love, that it seems almost foolish for you to worry about the future. You certainly have filled the difficult role of stepmother most admirably, especially considering the few years difference between your age and the boys'. That you will do an equally fine job in your new role of mother-in-law is certain. Your daughter-in-law will be surprised and delighted at the change from her own family's domestic strife to the peace and contentment of your home. Since she has already shown her appreciation of the atmosphere she is about to enter, her co-operation, too, is assured. The only advice you need, or could use, would be to go on as you have for the past nine years, ruling your home with patience and consideration.

The plight of a young wife and mother who faces many lonely months while her husband completes military service is sad enough without the added complication of trouble at home. The devotion of a loving family is the one thing to bring contentment to the period of waiting. Your daughter-in-law is fortunate indeed to have it.

Dear Miss Dix: Three years ago I married Sam who was divorced and had a six-year-old boy. I was a widow with a seven-year-old son. Sam's ex-wife married a few years before we did and has a baby girl. Now we also have a daughter. Sam goes to pick up his son once a month, and takes the boy with him. My objection is that he goes into the house and talks to his ex-wife for a while before leaving the children. I say he should just take the boy and leave.

**WORRIED**  
Answer: I think you are making an issue of a triviality. Situations like this are bound to come up where a divorce is concerned, and

Admitted: Mrs. Beverly Johnson, Hope; Wayne Weatherby, Emmet, C. W. Camp, Hope; McRae Norwood, Nashville; Charles E. Brooks, Hope; Wm. T. Franks, Mrs. O. Y. Willis, Hope.

must be faced by the second wife. Perhaps the ex-wife's present husband also objects to the situation. While it certainly would be more diplomatic of Sam to omit the visit, there seems to be no harm to it—at least on the surface—and you will do well to ignore the matter. Don't make a scene over it or let it worry you. You have the man now and that's what is important.

Dear Miss Dix: I am a girl of 20 and have been going with a young man for some time. Late in the summer of last year, he returned to his home town and I went to visit him. We had a pleasant time but before I left he said he didn't love me anymore—just liked me. He asked that I continue writing. I'm afraid if I do write him, I'll grow even fonder of him.

**BRENDA**  
Answer: If you continue corresponding you'll never get over your love for the man, yet, by writing, you may win him back. It's a tough decision, especially in view of the fact that, if you do stop the correspondence, you probably would not want to tell him why you did. The best thing would be to forget him — if you can.
